STEAME STUDENTS

European Networking of STEAME School Students for Exchange and Co-creation

2021-2-CY01-KA210-SCH-000047923

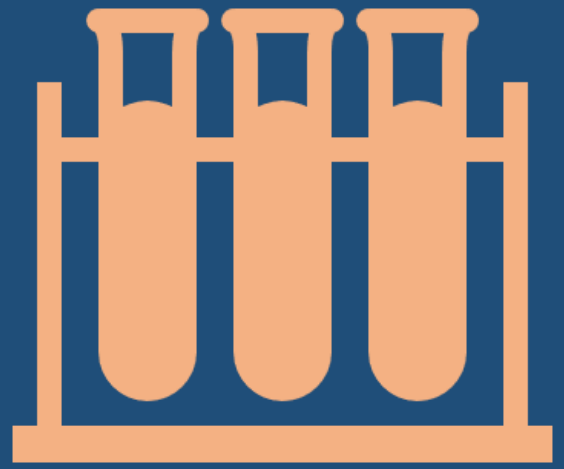
Presented by Dr Gregoris Makrides
President, THALES Foundation

Co-funded by the European Union

The project "European Networking of STEAME School Students for Exchange and Co-creation" 2021-2CY01-KA210-SCH-000047923, is an Erasmus + project funded within the framework KA210-SCH - Smallscale partnerships in school education.

The project runs from May 1, 2022 until May 31, 2023.

This project has been funded with the support from the European Commission.



Co-funded by the European Union

Who are we ?

Project Partners

THALES Foundation, Cyprus (Coordinator)

Pedagogical University of Cracow, Poland

Doukas School, Greece

What is STEAME ?

S — SCIENCE

T — TECHNOLOGY

E — ENGINEERING

A — ARTS

M — MATHEMATICS

E — ENTREPRENEURSHIP

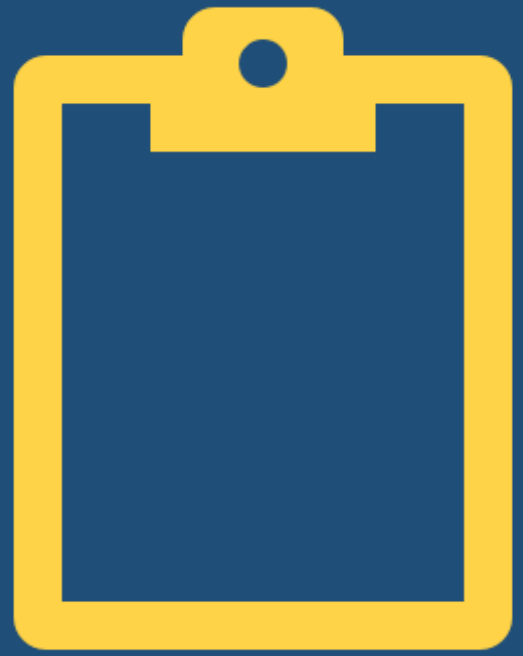
Project purpose

Promotion of a Network of communication using platforms, supporting its aims and objectives in facilitating the exchange of ideas and creative thinking between school students interested in STEAME subjects, including high-ability students.



The main idea is……

To help students of grades 7-12 to build a community, which will be sustained progressively without much supervision and mentoring.

Co-funded by the European Union

Objectives

- Exchange of talent support approaches and practices
- Networking of Minds
- Co-creation mind of state
- Exchange Project Based Learning Ideas
- Promote Science Communication Skills
- Effective Web-based Communications
- Facilitate the cooperation between students from different regions and countries in Europe
- Support the learning of European languages and cultures
- Forming a Network of and potentially a European Association of STEAME school students

Co-funded by the European Union

Two Main Activities

Among others, in accomplishing our objectives

Activity 1: European Online Student Creations Exchange Forum – THE DISCORD PROJECT PLATFORM

Activity 2: Student Community Kick-Off Meeting - THE EUROPEAN NETWORK OF STEAME SCHOOL STUDENTS

Co-funded by the European Union

What the student can do through the platform?

Co-funded by the European Union

A. Posting problems and solutions

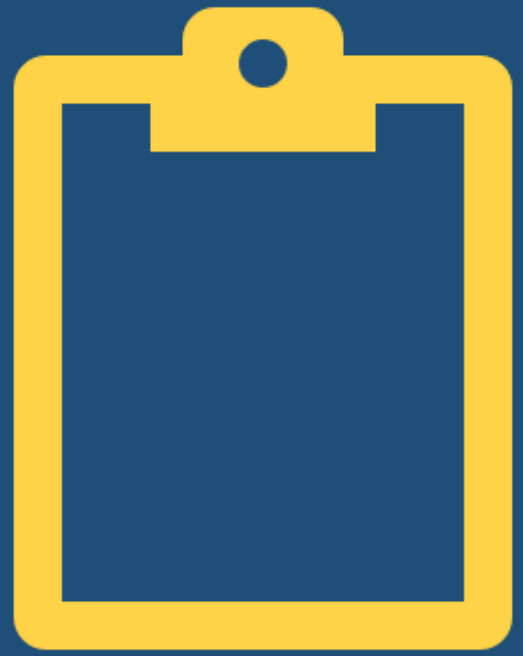
- Posting problems(60 sec) /Threads
- Posting solutions-answers(5 min)/Threads

Students are also invited to give STARS for best posting, problems or solutions. Best postings of the month with certificates to students.

B. STEAME Subjects teaching by school students

- presentations of 3 min video on STEAME Subjects
- Group presentations of upto 30 min for STEAME project based work.

Students are also invited to give STARS for best posting of 3 min presentation and STARS for the best Group presentation. Best presentations of the month and best group presentations of the month, will receive certificates.



What the student can do through the platform?

Co-funded by

C. Live Meetings

Live meetings organized for presenting problems-solutions-discussing topics of common interest to students (these live meetings may be recorded)

Live meetings with specific agenda will be announced and programmed inviting all member students to join. Meetings may include discussion of problem solutions between the students, or discussion of presentations or discussing other topics of interest around STEAME learning

Most active students together with awards received under section A and B, will be invited to a physical networking meeting in Cracow, Poland 2023 to form a European Networking group of STEAME School Students

Co-funded by the European Union

THE FIRST ever STEAME platform from Students for Students!

Use the QR code on the left for direct access to the STEAME Students platform. Crawl through an easy registration and explore a new universe in the familiar galaxy of DISCORD, a free voice, video and text chat app.
