

THALES SUMMER

MATHEMATICS CAMP 2020

*For students entering Grades 7, 8, 9 in September 2020
Parents and other members of family may stay with the students*

Camp 3

Dates: 24-29 August 2020

Venue: Rodon Hotel, Agros

Language to be used : English if age group is formed

Registration fee/Accommodation: - [CLICK HERE](#)

Student Activities: The content of the programme will focus on the Mathematics knowledge, skills and competences that students must have before starting the next school year. The curriculum will apply the THALES Research Programme which focuses on three axes:

1. the development of problem solving competence with special emphasis on Mathematical word problems
2. the development of comprehension skills and the communication of Mathematics and their applications
3. activities for memory development

Groups will be formed per age and school level assuming there are at least 12 participants per age level.

All activities will apply the health and safety protocol as determined by government authorities.
